Forecast For East Midlands
Issued by Met Office Exeter
at 1600 on Friday 17 Dec 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cold overnight, with frost and fog. Staying rather dull Saturday.

This Evening and Tonight:
A misty night with fog likely to reform and thicken to become dense once more. Light and variable winds. Frost also returning with freezing fog. Perhaps clearer over hills. Minimum temperature -1 deg C (30 deg F).

Saturday:
Cold start with some frost. Generally dull and misty with any fog slow to thin and break, especially in sheltered valleys. Some sunny spells possible, mainly over western hills. Maximum temperature 7 deg C (45 deg F).

Outlook for Sunday to Tuesday:
Likely cloudier Sunday with early fog gradually lifting. Staying cold for some. Turning brighter with sunny spells likely Monday and Tuesday. Widespread frost overnight into Tuesday. Chance of coastal showers.
